

THE YEAR GOD LIVES IN

Bertie Brits

December 27, 2015

GREETINGS

Greetings in the wonderful name of Jesus! It is such a privilege for me to come to the end of 2015 and to say, "What a blessing to have preached Grace this year! What a blessing to know the Good News and to have the opportunity to serve you with God's unconditional love!"

Thank you so much for slotting in. In today's message I am going to be talking a little bit about the new year, 2016 and what God has for us for 2016. I'm going to talk about what we can expect from God and just where we stand with God in this year to come.

I thank God for a blessed 2015, a time when many people were reached and are experiencing the absolute love of God.

Before we get into the message and also what I want to do is I want to thank many of you and just give a little bit of a report of what happened in 2015. Let us just pray together...

PRAYER

Father, thank You so much that we can come today and we can just pray and we can fellowship with people all over the world around Your Good News and that we can sit at the end of 2015 entering 2016 just knowing and having the surety that You are the God that does not change. You are the God who is with us. You are the God who is FOR us. You are the God who ensures peace to our hearts and gives us hope. Thank You for that! Thank You for Your great love towards us!

Holy Spirit, in this message today, one thing I know for sure is that You can minister effectively to people. So minister through me. Touch people's lives. Thank You, Lord! Amen!

THANK YOU

I want to first thank the Church, our Web Fellowship as well as the two local churches here in Malmesbury and the one in Durbanville. I want to thank them just for the love and the support throughout this year. I especially want to use this opportunity to thank the internet Church, our Web Church, the people who have joined our Web Church, people who have liked our page, people who have been there all the time and just allowed us to serve you. You have allowed us to come and bring forth that which God has put in our hearts.

One of the greatest frustrations that can ever be is when you have life inside you and you know you have the truth and that truth is greater than just you but it involves others, it includes others and you cannot tell it to them, you cannot share it with them. What I mean by that, in the sense of thanking you for allowing us to serve you, is not just that you watch our program and go on to our Facebook page and like our things but I also want to thank those who allowed us to come to your part of the world and to serve the people in your community by preaching the Gospel to them.

I'm thinking of my trip to the United States and my trip to Europe and just everything that went into that, all the planning, the strategy, the whole thing that went in there. We've been to many of the states in America and places that I have been for the first time. It is such an honor to see you all work together and invited me to your area to come and serve your people.

Many times you feel that you are not an evangelist or you're not a preacher but you can arrange something and we can come and actually do something in your area. Thank you so much for doing that. From the United States to Norway, to Hungary, Budapest, Germany, Holland... it was just a blast! It was an awesome, awesome year! In this year, thousands of people were reached by the Lord through this ministry.

I am also excited about the building project that we have this year. It is basically coming to an end now. At the end of the year everything will be finalized and finished basically on January 11 when they come in and put in the carpets in our studio. Our backdrop will be built and our whole set will be up. Everything will be up by the end of January. We purchased property and it got extended and we built the studio and everything was made just beautiful. It's awesome just to see how all of this comes true out of our Web Fellowship. It is amazing to see how that comes forth! I want to thank everybody who is involved in this Web Fellowship.

I also want to use this opportunity just to thank our leaders, our Web pastors, in the Web Church: Thank you for advice. Thank you for your love. Thank you for your patience with me many times in just the way I do things. Thank you for your care. Thank you so much for that! It's good to stand together, to get to know each other better, to walk this path together in grace providing a platform from where people can be ministered to.

I also want to thank those who may not be on our leadership team but who serve people in our Web Church, who are shepherding people, caring for people. We see you! It's amazing to see what the Lord is doing through you!

That is the whole purpose that we can have a place where people can be ministered to, to the point where this life of Christ starts to live in them and that we see the expansion of the kingdom manifest and the kingdom that has already been established, manifest in people's lives. It's such a blessing! Each one of you is a blessing!

The people who are involved in helping with our Web site, the people who are involved in donating and giving financially. Thank you so much! It is such a blessing! From the people who made a large donation so that we could purchase this property, build the studio and all of that... to the people who give monthly donations, one time donations... I just want to thank you from the bottom of my heart!

As a team we are reaching people. Maybe I am the face in a certain way where I sit in front of a camera and preach to people in the world, but I just want to say that without you having an open heart to serve you and to see the fruit Christ come forth in your life and from there we find generosity in people that want to help and people who want to be involved. Without that is impossible to have the kind of effect we are having in reaching people.

So in 2016 I'm looking forward to another year which will be like this one. A year wherein we will effortlessly just go and see God being Himself in us! That is what I am seeing. I am seeing obviously some practical things that will change a little bit. Since we have our studio that is finished, a lot of material will be put out there. Recordings will be done professionally and it will be so much easier for me to make a recording.

To give you an idea, to set up this morning took me about two and a half hours just to set this up to do this in such a simple place, in a bedroom, where I just sit and minister this. Once everything is set up, it is going to be so much easier to do all the recordings for our Bible school or Word school, to do all the recordings for television and just to have Live webcasts regularly. It's just going change bringing a brand new dynamic to our ministry. So, thank you so much for your involvement! Let me just pray for all of you. I would love to do that and then we can get into the

PRAYER

Father, thank You so much for every person who has loved Helena and me, every person who has had an open heart for this ministry. Thank You, Lord, for every person who has made it possible, by their obedience to Your voice in them, to get the Gospel to be spread in nine nations of the world where I have traveled. And then the others who invited friends, sending links and all of that, to seventy other countries of the world. Thank You for that Lord! I want to thank You for these people! I want to thank You for creating a family where You in the Trinity made it possible for us and created us, where we can also function as a family. What a blessing to have that and to know that! You are an awesome God! I want to pray for them.

Thank You, Lord, that I can pray for their spiritual-well being. I can pray for their physical well-being, their financial well-being. I thank You, Lord, that contentment and peace and health is theirs. I thank You, Lord, that I can just place them in front of a Father who loves them, who cares for them.

Thank You, Lord, that I can have the emotion and the passion inside my heart like Paul would say that he wants to see Christ formed in people. You brought that to my heart and You brought these wonderful people around me and we can, as a team, gather around Your Gospel and just have You live in us.

Thank You, Lord, that we don't sit here with a great commission where we try to go and and win souls but where the passion of who You are, and just who You are, is living in us and that is how it is being done.

Thank You, Lord, for the increase that comes to their lives. Thank You, Lord, for increase of peace, increase of understanding, increase of grace, the multiplication of grace, the divine influence upon their heart on to the manifestation of Your full glory that it is theirs. Thank You, Lord! Amen and amen!

I must say that when I say these things and when I pray I feel emotionally in my heart because it is a dream that has been in my heart to have a ministry like what I'm having and to see the fruit of the Gospel manifesting in people's lives. What a blessing!

About three or four years ago I told Helena that one day when I am old I would just like to have a place that could maybe seat forty people and a camera or two and from there I want to do Webcasts and just minister to people all over the world and have people come and sit there and just minister. I was envisioning that I would have something like that maybe when I am sixty-five. (Now,I'm saying, "Old!" I am stepping on some people's toes... PLEASE just understand... I think I am very young! Ha ha ha ha)

That's what I thought would take place but this is manifesting right now! It's just amazing just to see the release that comes from seeing the fruit of the Gospel in your lives. Just on Facebook, the people who write to our office and people who say to me, "Bertie, my life has been changed by this Gospel! I KNOW God!" To see stability come to people's lives where they are not dependent on me and my ministry every Sunday but where we can see the Gospel in them. It's such a blessing! I just want to say, "Thank you!"

TODAY'S MESSAGE

THE YEAR GOD LIVES IN

Bertie Brits

December 27, 2015

We've come to the end of 2015 and every year I preach a message, and what I am saying that what you can expect in 2016 is that God will not change! He is going to be exactly the same God!

From that foundation, I want to just go and talk about the year that we are in. What year are we in? We are now in 2015 and we are going to 2016. We sit with an unchangeable God and how should we think about a new year? How should we think about making decisions at the end of the year? This year is going to be like this or this year is going to be like that. How shall we deal with that? How shall we deal with the message of 2016 is going to be a year of judgment or it's going to be a year of the outpouring of blessing, or it's going to be a year of this or that. How do we deal with all of that and how do we deal with the situation where we can think that God was waiting for 2016 and then you will find some guy having different numbers and connecting different numbers with this and that. How do you deal with all of the prophetic stuff about 2016?

First of all I want to start off by saying that prophecy exists and God speaks to people. He can warn you. He can encourage you. He can tell you certain things about the coming year. If you are a farmer, He can tell you that this year is going to be dry or He can say that it is going to be a wonderful year so sow more. He can say, "It's going to be a very good year and don't be thrown over by that. Just do the normal thing." He can always give you prophetic advice. We see that in the Bible where prophets would come and they would prophesy a famine and they would prophesy things like that.

We can sit today and I want to just say this although I didn't plan to say this. Let us not, in grace, when we hear a prophetic word where there is a warning or there is something like that,, don't say, "Oh, that is the Law!" Just say, "If it's going to be a year where we are going to have some drought or if it's going to be a year where we are going to have affluence and blessing, well, let it be so but we are not going to have our identity and our blessedness described by those things. We just see this as advice where God shows us and gives us a little bit of advice for the time.

I also believe, and I think that this will bring you peace, if you are not in a place where you can have an accurate prophetic word, the way that God is going to lead you is by working things in your heart anyway. Remember the teaching I had in the series on how God speaks to us and how He works in our hearts. If we have that in our heart anyway, if God will work in it to will and to do anyway, even if I missed the prophetic word, even if I don't know what is going to happen in 2016, it doesn't matter! You are going to feel what to do every day! The Bible clearly states, "Don't worry about tomorrow for each day has enough of its own problems." So let us just follow the prompting that is in our heart and just live day by day as the Lord gives us things to do.

I could not have said, I didn't know, in the beginning of 2015, that I am going to do what I've done in Europe and that I am going to own the property that I have now and have this studio built and have everything that we see. I didn't know that. But it didn't matter!

The way things work is I felt in my heart to go preach in the U.S. And I did. Somebody else felt in their heart to help us purchase some property. I just felt in my heart, I didn't plan in the beginning of this year to say that we are going to have two services in our local congregations or we are going to have a pastor come in April to help with the local church in Malmesbury. I didn't plan that. I never knew that and it doesn't matter. What matters is that we know that God lives in us for He will guide you every day!

The God who will guide you every day is the God who never changes! He has revealed Himself to Moses, we can read it in Exodus 34, as merciful, gracious, long suffering, abundant in goodness and truth, keeping mercy for thousands, setting people free from iniquity, transgression and sin. And He will not forget any guilty one but He will not pass by him but He will visit their sins. He will visit their sins with a mercy that He's kept. He will set everyone free. He is for you and He is not against you. He is the God who will never confuse you with what you have done. He will always see you, when you are in a hard situation, as the victim of a situation, as the one who is being enslaved by something and He will do His best to set you free by loving you out of that situation, by loving you into a new belief and a change of mind where His life can actually be born in you! That is the God we have to do with and He is not going to base all of His relationship with you on a prophetic word that you need to hear... and accurately hear! He is not going to base all of His love for you and everything that He has in store for you on the ability of a prophet to hear His voice and prophesy accurately. NO! It doesn't matter what any prophet says!

At the end of the day, God will work in your heart to will and to do. At the end of the day, the Gospel and the light of God will flow out of the heart that is persuaded of the Good News, that is persuaded of the truth of life and immortality in Jesus Christ. At the end of the day it doesn't matter what prophetic word you have! At the end of the day, this is how the Gospel works: There is a loving God who wants to persuade your heart and win your heart and as He wins your heart and your heart is persuaded with His persuasion, His life manifests in you! That is it. He can use a prophetic word, a healing, a financial miracle, a bringing of the Gospel and all of that can be part of a process of persuading you.

So, know that in this year to come you will have to do with a God who cares for you, who loves you, who cares about your family, who cares about who you are. You will have to do with a God and you will have to deal with a God who is more interested in you than in Himself! You'll have to deal with a God who is not selfish. You are going to have to sit and face a God who is merciful, who is kind, who will never confuse you with what you are going through, who will always think the best of you, who will see you as valuable and precious. You will in 2016 have to face the fact that God is not changing and that He is not going to make you jump through ten hoops to try and do something for you. You're going to deal with a God who has planned you from before time, who is interested in your freedom and your victory! That is what you are going to deal with. That is what you are going to have to face for that is what this whole Gospel thing is all about.

I would like to read from **Isaiah 61**: (This is when Jesus was on the earth)

:1 The Spirit of the Lord God is on Me; because God has anointed Me to preach the Gospel to the meek (poor); He has sent Me to bind up the brokenhearted, to proclaim liberty (freedom) to the captives, and the opening of prison to those who are bound;

:2 To preach the acceptable year of the Lord, and the day of vengeance of our God; to comfort all who mourn;

We are talking about a new year and what he is saying here is what God has in store for us. This is what I want to say about 2016:

2016 is a year that is inside another year. The year we are in now, the year that God sees, is what we call the Year of Jubilee. I am going to explain jubilee to you. 2016 is subject to the power of a higher authority and another year which is the Year of Jubilee. It doesn't matter if it is 1945, if it's 1937 or if it's 2010, 2007, whatever. It all is subject to the power of the Year of Jubilee.

The Year of Jubilee which Jesus announced when He was on the earth is still active today. (Luke 14:16-17) We are still in the Year of Jubilee. We are still in the year wherein we find the Spirit of God declaring the Gospel to the poor, or the acceptance of the poor, telling the poor, "You are not defined by your prosperity but you are the people of God." We are still in the year wherein God has come to bind up the brokenhearted.

So, I want to tell you that people can come and you can think, "What is going to happen in 2016? What does God have in store for me in 2016? Is it going to be a year of more terrorist attacks? Is it going to be a year of God pouring out His vengeance?" Listen, I don't care what the year is! I don't care what any prophet says! It has to be subject to the Year of Jubilee and what jubilee stands for.

I want to explain Jubilee what jubilee is. The Jews had land and property and family and all those kind of things and then some of them would become slaves to others or some of them would have slaves and in bad business deals lose their land and all of those kind of things. So some of them became very rich. Others became very poor. Others were separated from their families because of certain situations just like you would find in normal life. But then God said, "Every fiftieth year, you take seven Sabbaths which would be seven Sabbath years, and every seventh year would be seen as a Sabbath year and then seven of those, in other words, seven times seven would be forty-nine years, would be the Sabbath year and then the fiftieth year would then be holy unto the Lord and would be called the Year of Jubilee.

In the Year of Jubilee, the freedom announced in that year superseded the power of any contract that there was. You might have had a contract with somebody that you sold him a piece of land or you may have had a contract with somebody or you may have been taken as a slave by somebody or you might have had slaves. It didn't matter what deal you had on paper, it didn't matter what agreement you had come to. When the fiftieth year has come, the greater authority, which is God, declared that every slave is free and that every freed slave had to go back to their own land and their own property and their own family. That is what it stated.

Now let us read that. **Leviticus 25**

:8 You shall count seven Sabbaths (weeks) of years, seven times seven years, so that the time of the seven weeks of years shall give you forty-nine years.

:9 Then you shall sound a loud trumpet on the tenth day of the seventh month. On the Day of Atonement, you shall sound the trumpet throughout all the land.

:10 And you shall make the fiftieth year holy and proclaim liberty throughout the land and all of its inhabitants.

So in other words, who would be set free? All of the inhabitants of the land on the fiftieth year. They would sound the trumpet and the trumpet would sound, this trumpet would be the liberty or the trumpet of great joy wherein all the inhabitants of the land would receive the message of, "You ARE liberated! You have been set free!"

It shall be a jubilee to you. The word, jubilee, means to shout out with joy! The year of shouting liberty, the year of shouting joy to you!

And each of you shall return to his own property and each of you shall return to his own family. That fiftieth year shall be a jubilee to you. In it you shall not sow, neither reap that which grows by itself, neither sow from undressed vine, for it is a jubilee. It is a year of great joy! It shall be holy unto you. You shall eat of its increase out of the field and the Year of Jubilee, each of you shall return to his own property.

So what it says is that you shall return to your own property and of the increase of the field you will eat. It will not be a place of labor and neither will it be a place where you eat of undressed vines where you basically try to enter into, "I have worked in the previous year and now I am going to eat of where I've worked there." It has nothing to do with that. You go back to your own land. You are not going to have a place where you have leftovers of the previous year in this land. You go into your own land. You're going back to your own family and there will be enough for you.

No contract, no word of bondage, no word of enslavement could supersede the word of jubilee. The scripture clearly states in Isaiah 61 which was fulfilled in Luke 4, was that Jesus Christ came and He said, "I have come to proclaim the acceptable year of the Lord!" I want to say to you that 2015, 2016, 2017, 2018, 2019, 2020.... it doesn't matter what year it is, until we find Jesus return, we are inside a year where no other contract, where no other system, has power over the declaration God has!

I want to say to you that you are in a year and 2016 is the year wherein we will still see the mercy and the kindness and the love of our God who declares innocence, forgiveness, and acceptance to you! It is called the Acceptable Year of God, the day of vengeance of our God to comfort those who mourn. When we see people mourning and needing comfort for they are destroyed by drug abuse, they are destroyed by immorality, they are destroyed by so many sins and things... they are mourning, we see the despair. If you see people in Ethiopia and in pain and in poverty, you see the mourning in them. This is the year wherein God has come to comfort those who mourn. He is comforting all those who mourn by saying to them, "You are innocent! You are forgiven! You are My family! Come back to your original family. Who is the original family? It's God! We come from God and we are now called back to our family! Let us return to our family. That doesn't mean that I'm moving back to Sabie or it doesn't mean if my kids left our home and moved to another country they come back to our country.

What it means is, and this is the Year of Jubilee, God's people are returning to God. Those who were under the enslavement of the Pharaoh are now leaving Egypt and they are going to the land that God has promised. The land that God has promised is the place where we are not enslaved to laws, rules and regulations.... where we are not enslaved to the power of the flesh anymore... where we are not enslaved to a negative word, or a circumstantial word, about us, where we are set free to sit back and relax and have the emotion of knowing that we are co-heirs with God, we are co-owners of holiness, we are co-owners of righteousness, we are co-owners of eternal, immortal life! We are co-owners of all of that! We are the "set free!" That is the year, 2016, for you, because of the law of the greater power which is the Year of Jubilee.

I want to read Jubilee to you again. This is what Jesus said in **Isaiah 61** and this is what He fulfilled in **Luke 4:16**.

:2 To preach the acceptable year of our God, and the day of vengeance of our God; to comfort all who mourn;

What was the day of vengeance? The day of vengeance was when God came and set people free from slavery. So, we don't have to think if there is a terrorist attack in the United States or if terrorists come and they destroy a place in Paris or we see what Isis do, or we see all these world wars and rumors of wars and all those kind of things and we think, "Is this now the vengeance of God? Is this God against homosexuals? Is this God against...." Stop that rubbish! Just stop that nonsense! My goodness, we are in a place where God is coming to vindicate His people, to set His people free from their bondage. I believe that in this year of the vengeance of our God, we are going to see Muslims being set free! We are going to see people who are bound by all kinds of sins and guilt and whatever, be set free because it is the year of the vengeance of our God where He takes vengeance against bondage! You may say, "The Year of Jubilee is from 2,000 years ago and why are so many people not free?" Listen to me... the way God exercises His vengeance, the way that God exercises the Year of Jubilee is by a proclamation that is made, a trumpet that is blown. In other words, a preacher that goes out and preaches this good news and then people's hearts being persuaded and then they being led out into the freedom! He is not coming to make more slaves. He says, "Come back to family!" In family is not a place where one rules over another. In family it is a place of persuasion of, we want to be together.

Today my sister and her husband is here and their family is visiting us. It's so wonderful! Last night we visited until it was late and we had a wonderful time fellowshiping. It is so good having them here but while they are here, they have come to fellowship as family. They come to fellowship as equals. It's not, "I'm the boss here!" This is family time now. This is, "You relax." This is, "You are yourself." You open your heart and you just talk about things you could never talk about." This is a safe place.

So when God leads us out, He leads us to a place where we can have that atmosphere. That's not going to come by willfully forcing you. It's going to come by persuading of the heart. I want to tell you that in 2016 what you can find is a God who would have all of His time, all of His effort, Himself, occupied in persuading your heart about His goodness, in persuading your heart about the end of all kinds of slavery, in persuading your heart that He will effortlessly bring forth life to you. Even if you are facing a life threatening situation or sickness or disease. It doesn't matter! We cannot have cancer, we cannot have HIV aids, we cannot have sugar diabetes be a voice about our joy. We cannot even let death or poverty have a voice. We have been set free from the voice of death! We have been set free from the voice of poverty or sickness or whatever! We have a God who says, "You can come home now. At My home you are at peace." As our hearts are persuaded about that, we find the fruit of it start manifest in our lives, effortlessly! Glory to God!

He says,

:3 To appoint unto them that mourn in Zion, to give unto them beauty for ashes, the oil of joy for mourning, the mantle of praise for the spirit of heaviness; so that they might be called trees of righteousness, the planting of the Lord, that he might be glorified.

4 And they shall build the old wastes, they shall raise up the ruins of former times, and they shall repair the waste cities, and the ruins the of many generations.

That means that you are going back to your own country. What is God trying to say? We are in the year of jubilee. What happened in jubilee is they went out with a trumpet and said, "This is the holy year of God, the declaration of the freedom of all people where you go back to your own land. When you go back to your own land it means what was lost is rebuilt. What was lost? We are not talking about someone stole a car and now you are going to have seven more cars back. Let's get out of this material thing and get back to what God has planned!

What God has planned for you, what was lost, was the life where God lives in and through us and where we are not trying to live by our own works. That what was lost. The place where holiness was a given was lost. The place where righteousness was where God made Adam righteous. He made him holy.... for free! Where he was an heir of the fullness of God. Where all that was lost! We go back to that! That is rebuilt. Who will rebuild it? God will rebuild it! He is the Rebuilder! He is the One who made everything possible in Christ. He is the One who builds His own Church. We then see a life born from that! Can a life born from that include health and financial prosperity and of those kind of things? Of course!

Can a life like that enter you into a place where you can be persecuted for the Gospel? Yes, that as well but thank God that there is a place where we can be set free from circumstantial joy, circumstantial peace wherein God is our Peace!

Church, I want to say to you that in this year to come in 2016, you can only expect from God to be good to you. What you can expect from the pulpit of Dynamic Love Ministries, our live websites, our internet Church, our travelings, we are planning to go to the United States and Europe again and will see if we can reach Zambia as well this year. All of that, all of our Word School that is going to go out, the book that will be given out on finances and the whole thing, all you can expect there is the proclamation of the Year of Jubilee where we don't count years anymore. We don't care if it is 2016, 2017, Antichrist or no Antichrist! We don't care about that! We are in the Year of Jubilee of God where God has vengeance on what destroys His people!

And I want to say this: You may say that God is going to have vengeance on this person or that person ... no, no, no! If my son is a bully at school, he's still my son. If I had vengeance on the spirit of bully that grabbed a hold of my son, he is going to be set free from being a bully. That is how my vengeance will take place. My vengeance will not be seen in destroying my son who is a bully. My vengeance will be seen in setting my son free. So when we talk about the vengeance of God, we are not seeing a God who is going to destroy people and destroy nations and wash them away in 2016. We are going to see a loving, caring God who is willing to give His Son to set His people free! We are going to see people returning to their homeland. We are not talking about people going back to Jerusalem and Israel. We are talking about people going back to their own country which is the country of innocence, the country of perfection, the country of immortality, the country of life. That is where we are moving back to and we see God rebuilding the old ruins, bringing back the former glory, bringing glory to God meaning declaring the view and opinion that there is supposed to be about God as a God who is loving and caring! Glory to God!

COMMUNION

We have come to the end of our Service and as the custom is, we are going to have Communion together. I would like you to just take a piece of bread and some grape juice and we are just going to celebrate this wonderful jubilee.

Jesus' body was broken for us and as His body was broken and we feast on that, we eat our innocence. We eat the declaration of the end of the old and the beginning of the new. That is our life!

Let us, as a congregation, eat together and drink together, celebrating the innocence, the New Covenant in Jesus.

Father, we just want to thank You for the body and the blood that was given. Thank You for this awesome message that I could preach this morning. I don't say that boastfully. I say that in glory of You! You are the awesome God! You allow these words to be spoken. You declare Your word of innocence over us and we feast on the body and the blood of Jesus.

Father, thank You that it doesn't matter what 2015 has declared or what our bodies tell us or what situations tells us. We have come and we have to do with a God who has declared vengeance upon what oppresses His people. Thank You, Lord, that we can come to a place where we can see Your absolute love for all of mankind!

Thank You, Lord, that Your vengeance sets terrorists free for that human also belongs to You! That is sets people who have pornography houses, people who molest their children, people who fear for money, people who have all the bad, and sickness and disease. Your vengeance set them free. This is the year of the vengeance of our God, the Year of Jubilee and we return to our Family, You, the Trinity! Amen and amen!
