**COMMUNION**

**TODAY'S MESSAGE**

**GREETINGS**

Welcome! I trust that you are going to be deeply impacted by today's message and the blessing of God and the revelation of what it means to look upon Jesus, to turn your eyes upon Jesus and look into His wonderful face and how that brings forth rest in the heart of the believer. It brings forth rest from the Law System and rest from the works of the flesh where you can actually rest from your sins. It is amazing what this simple thing of turning your eyes upon Jesus can do in your life. Glory to God!

What a passion God has in His heart to serve you with the goodness and love and grace that is inside Him and overflowing in Jesus Christ today! His heart is for you! He smiles over your life and He knows that His power is more than enough to bring forth the life that He has dreamt for you, in you, today.

Thank you for allowing me to serve you. You are a great blessing! It is wonderful to see the fruit of God's life in you. It's wonderful for me to see the excitement that you show on your Facebook pages, the excitement you show in communicating with one another. It's beautiful to see the fruit of the Gospel in people's lives. Glory to God!

**PRAYER**

Father, I want to thank You so much for Your grace and Your mercy. I want to thank You that I can minister to these people today and that Your love and Your power is towards mankind. Your goodness is towards us. Your eyes are upon us. You are a consuming fire that consumes all death, that consumes all destruction, that brings life! Thank You that You speak like a fire today and that You burn up all things that cause Your people not to experience Your life and that You bring an enlightened mind to all of us that we can see the dimensions of Your love. Father, we are all just disciples of Your message and Your life and we are learning Your goodness and You are manifesting in us. Thank You for that and thank You, Lord, that today's Service will bless people greatly. Amen

**COMMUNION**

The vision of this Web Church is very simply to bring the Gospel of Grace, to serve people with the Good News of Jesus Christ so that they can have their own strong relationship with God which is not dependent upon a system or the approval of a man, of a pastor or a preacher or any of that but where they, in themselves, obey the Gospel which is simply TO BELIEVE WHAT CHRIST JESUS HAS DONE! That is the vision so as we take Communion, we take Communion where we say, "We are a community of believers together, of all groups of people, gathering in the unity of Jesus who took all our sins, all our death, destroyed it and brought us immortality and life. He brought that to life for us and by that revelation we have power in this life where He lives His life in us!

When we take the bread and break it, when we drink the wine, we do it in remembrance of what Jesus Christ has done. We do it in remembrance of the old man that has died, the man that had all the passions and sins and hatred and bitterness and all those kind of things, that man with his passions and lusts has died. That which destroys us has died. The man that was just merely dust that returns to dust has died and we are now made partakers of a man that possesses holiness, righteousness and immortality! We have been made partakers of that in the resurrection. Glory to God and that is the reason we break the bread. We break it in remembrance of the end of the Old.

2Peter 1 says the reason why many of these sins manifest in people's lives is because they have forgotten that they were purged of their old sins. I remember, years ago that was my favorite verse. The reason why people sin is not because they are "bad". It 's because they have forgotten and we don't want to forget. That is what this Communion is all about. So you don't have to come and take of this communion when you feel, "I have no sin and I am righteous enough by my works. I have confessed my sins otherwise I am going to eat and drink condemnation over myself." No, you cannot drink condemnation over yourself in understanding and believing what the Communion truly is about.

Condemnation of yourself is when you have no idea what this is all about and you drink it. The condemnation drink over yourself is simply your own unbelief. It is not God condemning you and killing you! Glory to God! God is never on the killing side! You need to know that.

His body was broken for us. We are going to eat this together. His blood flowed for us and as we take the wine, the grape juice, and drink it in remembrance of the New Covenant which is a covenant of life and not a covenant of death! Glory to God!

(This is a time when you can minister to one another bringing the life of God to one another.)

#### **TODAY'S MESSAGE:**

### **ARE YOU STRUGGLING TO KEEP YOUR EYES ON JESUS? THIS MESSAGE IS FOR YOU**

I'm excited to share with you about the way that life manifests in us as we keep our eyes upon Jesus. Many times we say, "Keep your eyes upon Jesus and the way we want to keep our eyes upon Jesus is by trying to focus on how God is going to solve my problems today and saying, "Well, I just believe that Jesus is going to sort this thing out." Now, when you keep your eyes upon Jesus and you do that, I don't say that it is a sin or that it is absolutely wrong but that is not what the Bible talks about to keep your eyes upon Jesus who is your life according to Colossians. That is basically keeping your eyes on your problem and looking at how Jesus is going to sort it out. Let me say it again. Many times we want to keep our eyes upon Jesus and the way we keep our eyes upon Jesus is by looking at how Jesus is going to sort out our problems. In other words, you have a financial problem and you are saying, "I'm keeping my eyes on Jesus. He is going to sort this out." In doing that you are actually keeping your eyes on the problem waiting for the Lord to sort out your problem.

When the Bible talks about keeping your eyes upon Jesus, who is the Author and the Finisher of your faith, it has nothing to do with dealing with everyday problems and how Jesus will sort out everyday problems although its effect was felt and strongly experienced in the here and now. That's what I am going to talk about.

As an introduction I want to say this to you as well, just so that those of you who watch for the first time and even those who are in our Web fellowship regularly, are members of this Web church, I want to say this to you. The vision that I have here is not to see what a big ministry I can build all over the world. That is not the vision. If it comes to big ministries, the biggest ministry I have is my family. That is it! That's how big it is and that is big enough for me. I don't want anything bigger than that. The reason why we do what we do, the reason why we minister this way, the reason why we make our things available live all over the world, put on messages regularly on almost a daily basis, why we put posts on Facebook, why we have so many different Facebook pages of different platforms, going on to TV stations and all those kind of things is simply this: This message belongs to people. It is a truth about others and we just want them to hear that. That is the only vision! No form and no measure of success can ever be ministered by how many people you reach.

The Apostle Paul had that problem. There were times when he thought, "Well, if many people can just believe my Gospel, things will be a much better place." Then all of a sudden, a guy came, which was called a messenger of Satan, and just destroyed the work of the Apostle Paul by bringing in Judaism and literally destroying the Church. Paul complained to God three times. He said, "Can you please take this guy away because if he can be out of the way then we can be exalted above measure." In other words, "This message can flood the earth and we can have churches everywhere." That is what Paul was actually saying. Then God said to Paul, "My grace is sufficient for you!" In other words, "If you can keep your eyes upon Me, if you can see what I have done for you, you will not need these big things and these many things to happen to have such great joy!" So, our joy is not what happens in this life! Our joy is something that is inside us without earthly reason. There is a reason but not earthly reason. It might sound very spiritual and spooky but I want to tell you that there is a truth in this, when you tap into this you are really set free and you are experiencing the life that God has intended for you which is effortless and worry free by the doing of God. Glory to God!

There are two major points around which life pivots. One is the Law and one is Grace or Christ. The Law is just man's effort to try and attain eternal life. That is all it means. Grace, Christ, is the belief that says God granted you that life for free. Paul made one of the greatest discoveries and wrote that in Romans 7. I have spoken of this passage many times. Romans chapter seven is one of the most important passages to understand what the whole Gospel is all about, to understand what a victorious life is all about and why Jesus came. This is obviously one of the chapters in the Bible which theologians differ from.

This is my view on Romans seven and I believe this is the truth. In Romans 7, Paul explains that the Law or doing good seemed to be the way unto life. He said that in the thundering voice of Deuteronomy 28 seemingly contradicting him because Deuteronomy 18 and other places in the Old Testament says that if you obey the Law you will have life. The people in the Old testament were not seeking to go to heaven. We need to understand that. They were seeking how they would have immortality, eternal life. That is what they were seeking. They were seeking eternal life and they believed that eternal life would be through the Law. The Law was the ten commandments as well as different other laws which were laws about how you need to eat, how you need to keep your house and other things. For instance, you were not allowed to have a toilet inside your house because you would get sickness because those people didn't have toilets the way we have today. It was on the outside. In that whole system it kept them alive and they were healthier than some of the other nations. So to them they thought they had the best set of rules and if you could just keep them you will have eternal life or a very long life or you would be part of or in some way, you would be part of the resurrection and that by keeping the Law you can even have your body resurrected even if you die. That's the kind of thing they believed by the Law. By the Law, that would take place.

Then Paul came to this conclusion and he contradicted that. He basically said, "That's a lie because I found another Law that whenever I want to do good, evil is with me. With the inner man I want to obey the Law but the more I try to obey the Law, the more I find that death is with me. Who shall save me from this body of death?" This is what he realized: He called it the flesh. He called it being in the flesh. So what Paul said is, "When I, in my flesh, because I am a Jew and through being a Jew I have access to the Law and then I want to submit myself to these laws, rules and regulations and then obey them, he calls that being in the flesh, he said, "I found that in this flesh, when I engage the flesh, I find nothing good. There is nothing good in me. There is nothing good coming forth in me and I find that I am dying. What he is saying is that the moment you engage the flesh, the moment you engage willpower to obey a law, you die and sin manifests in you and the wages of sin is death, leading you to death.

So there is a death that manifests sins unto dying a death of ultimate destruction. That is what Paul was saying in Romans 7 but he also came and said that there is someone that can deliver me from this body of death. In other words, there is somebody that can make it possible for me to have eternal life or immortality in my flesh without me engaging the flesh. The best example I can use to explain this is drug abuse, drugs, if you go and you take cocaine for instance. There may be some of you that will know what this is. I have never experienced this but I've spoken to some friends that use this but I think it would be like basically anything like alcohol or whatever that puts you on some trip, some high. If you take cocaine or any drug, what it does is it releases certain things in your body that is already there and gives you a high where you feel very happy, where your brain is very active and you feel very intelligent and things seem so okay when you are on that high. It actually gives you "life" It makes you experience life. But after awhile what a drug does is it taps out of a limited source which is your body, which is all the different chemicals in your body. It taps from that and brings forth certain chemical balances and even imbalances that causes you to feel very, very good. But since it is tapping from a limited source which is your flesh, your body, and not a truth, it cannot be there forever because it is limited. So you go off that and you will hit a low. As you hit this low, you take some time and you eat food, if you can eat healthy and those kind of things, it will help a lot in getting your body to a place where you can have the next high. But at the end of the day what it does, if you take drugs in its full course, you say that it is killing you. It's destroying you because it engages your flesh to produce life for you. That is what it does and since your body is not immortal and dying, in other words, you are dust, you only have the ability of dust in your human body, it means you are from dust and even if you have dust and give it life unless that dust taps into something that can keep on giving it life it will just return to dust, be it ten years, twenty years, a hundred years whatever, it will return to dust. .

So if you take something that is not eternal and you draw life from that what happens is you are shortening this life. That is what you are doing. You are shortening this life and you are engaging something that cannot work. An ex drug addict will say that there was a way that seemed unto life to me but the end was death and that was cocaine, heroine, or whatever. It leads to death. It destroys you. You go to a high and a low, a high and a low but the over all thing is, the average is not going higher but it is going lower and eventually your life is destroyed.

The very same thing happens with the Law. Trying to be saved by the Law is trying to be saved by drugs. It is a destroyer. The way it destroys is very, very clever. I think we can write a book. I was sitting in the kitchen before this Webcast and I was thinking the complex way how this law cleverly manifests death in man, you can write books about that from now until eternity on how complex it is and how it works. So for me to try and explain all these things to you will be so difficult in trying to explain how the Law works. The only thing I can say is, after taking everything into consideration, this is what it is: It destroys you! It kills you!

So if a person's life is being destroyed, we're not talking spiritually, we are just talking normal life, not trying to get eternal life or anything but just trying to give somebody a better life. If a person is hooked on drugs what do you want to do to save his life? You want to get him off what kills him! You want to get him off the drugs. How do you get him off the drugs? The way people do it is you go to a rehab and in the rehab they will give you some shots and stuff that can help you to manage the withdrawal from certain drugs. There are certain drugs that you don't just go off, you can die, so they will give you certain things. I remember we helped some kids when we got them some medicine and they could use that medicine to help with the withdrawal. We got three of those kids off heroine and one remained and two went back. What we do is you can take them off **but the only way that you can actually solve their problem is if you can provide them the joy that this drug gives, freely.** That's all. That would be the easiest way to get people off drugs. If you can tell them, "Here is a high and you can stay on the high and it's for free!" That would get that off like that. There would not be a withdrawal. It won't be difficult. It would be very easy.

Now there is not a normal drug like that on the earth. So when we look at addiction to the Law, Law addiction, the problem with the Law is it gives you a temporary high. It fixes you up. I look at some of my friends. I look at myself. There are times when you decide, "I'm going to read the Bible. I'm studying. Glory to God. I need to pray for the sick now. We are the healed and by the stripes of Jesus", and you go out pray for people and while you do that you have that nice high. Then you hit a low. There's a high and a low, a high and a low. Later on you find, and this is amazing to me, and I don't want to expose people, I will never name names, but it is amazing to me to see how many preachers are addicted to alcohol. Those guys are thirsty, man! They are addicted to alcohol and tobacco. I am not saying that you cannot smoke. I am not saying that you cannot drink. Those of you that know me know me well. I have wine in my own house. I am not against drinking wine or anything. What I am saying is that the moment the wine gives you a high you are getting into trouble. Please don't hear that I am now being self-righteous or something like that. No, I'm not. What I'm saying is the Law gives you a high and a low, a high and a low and as you walk in the Law you find through that high and low thing that you are actually going down slowly. After awhile you don't know how to get out of your low and you start to use anything to give you a high. That is not the life that God has for you! If that is your life, I am not condemning you. I am here to provide an answer, something that helped me, something that has blessed me, something that gives me a kick that is not removed and that is keeping your eyes upon Jesus!

The only thing that can get you out of the high/low/high/low/high/low, where you use something that is not eternal but temporal to try and gain eternal joy, the only way you can get out of that is if you can see that what you chase after is provided for free, eternally and that it works. If you can see that and be convinced of that you will get out of all of those things and be completely set free. I've seen it in my own life. There are so many things we can be addicted to because of that high/low thing where you just feel things don't work, even in my own life, in the Grace message. It wasn't as if I got into the Grace message in Day 1 and from Day 1, lived only by the Grace message having all kinds of fruit of righteousness in my life and just had it all together. It wasn't like that! The way it happened was I first heard that God loves me. Then after I heard that God loves me I got to a place where I discovered and studied the love of God. Then I started to see what the fulfillment of the Law is. Then I understood certain things of the fulfillment of the Law. I made a 12 part series on the fulfillment of the Law which is great to watch. Then after that I started to realize more about our inclusion in Christ. In the meantime from that time of fulfillment of the Law, God was speaking to me about immortality, the immortal human body. I can say that in the last three years He started to take things and put things together for me where I understand the love of God in the light of the fulfillment of the Law and an immortal body where I started to understand that eternal life is a gift. Eternal life is a gift. It is not inherent. It is a gift.

Oh my goodness, one day I'll just preach it straight out, what I believe about that! I just feel it's like what the Apostle Paul says that there are certain things that people cannot hear and the foundation must be placed and I'm busy laying that foundation. There will come a day when I will just share this thing, you know, just straight out. You guys can take it and experience the power of it.

Eternal life is a gift. It is not inherent. The immortal body and why there had to be a physical resurrection from the grave and a physical raising from the grave where my dust will get back to a physical body, when I start to see all those things do you know what I found in this Grace walk? I started to find that I can be happy without earthly reason. I find that I can have a peace without earthly reason. It is as if a power has started to kick in that is above the bliss of ten thousand views on Facebook, that is above the temporal kick of a growing church or something like that, which is above all of those things. It is just supernatural. That is what it is. It is God! It is what the Apostle Paul spoke about. Glory to God! It's a place where you can have joy in the middle of your nakedness waiting to be clothed with immortality.

Let me just recap this first part and before I go to the second part and talk about what it means to look upon Jesus. Let me talk about preachers and I am sure that the Holy Spirit can take an example and put it in your life so you know what I am talking about. As a preacher we would live, I would live, from the temporary fix of a healing. The temporal fix of a phone call with a prophetic word, the temporal fix of a full church on a Sunday. the temporal fix of a good attendance, that is a big thing in church, the fix of financial support and becoming more supernatural. The more supernatural it comes the more you know that you are in the will of God! What that would do is, it would never end. The fix had to be bigger, stronger, and we have to have more people now. We need to reach more. We have to have more people say, "Amen" to us. We need to have greater miracles. I remember a special time when I was preaching in Zambia, Mozambique and those kind of things where there were open air Gospel outreaches. Oh, my God, the fix of seeing people being healed! I mean that was just tremendous! Yet, what would happen is I would take scriptures, healing scriptures and those kind of things and quote them and create a fix by the Law. I was creating my own life because I was looking at what I think I had to manifest today. I was looking at Bible scriptures, including what Christ has done, and tried to fix my life with those things and I did not keep my eyes upon Jesus. I kept my eyes on my situation and tried to apply scriptures to fix my situation.

What happened was you get to a place where it is just getting too much. It tires you out and as you see the love of God and the goodness of God, you can see something much different that actually gives life and peace, where you can find abundance of fruit! Listen, I'm not talking about you are not going to win souls. I'm not talking about you are not going to preach the Gospel. I tell you, the Gospel will be preached. The Gospel will be powerfully preached in the earth. Glory to God! Amen! Righteousness is going forth in the earth and thousands and millions of people will hear these views and these webcasts and these kind of things. I know that is going to take place but do you know what? I don't even care if it takes place. It doesn't matter! It's not what I'm after. We're not after many people hearing this. We're just living life. That is what it is all about and we have a love for people that is true in our heart and we share in that. Now, keeping your eyes upon Jesus, let me read those passages. I hope I painted a good picture in your mind as well as in the emotion of your heart about this.

#### ***Hebrews 4***

***:9 There remains therefore a rest to the people of God.***

***:10 For he that is entered into his rest, he also has ceased from his own works, as God did from his.***

God knows that the only thing that can save your life is if you stop to drink the Kool-Aid, if you stop to use the heroin, if you stop to use the cocaine, if you stop to use the strongest drug--- the Law. If you stop to use that drug that gives you a temporal high, whose glory is fading, if he can get you to stop to use that, then you will not die anymore but you will live. That is what He said to Adam and Eve. He said, "Don't eat of the tree of the knowledge of good and evil for if you eat of it, you will surely die!" They looked at the tree and saw that it was desirable to make one wise. They felt the high of that thing. This thing can provide for me. I remember some of my old friends when I was trying to reason with them on not using cocaine. I mean that guy is so clever! Do you know how many lawyers use this just before they go into the court room because it sharpens their minds. Yes, we can see why some lawyers' reasoning why they use that. The thing about it is, if they can stop using that they will not die anymore. The day you eat of it you will SURELY die. You will definitely die. That is what it says.

So God wants us to stop using the Law. How can He get you to stop using the Law? It is very simple: to freely give you what it promises so that you would see no need to use it. He has to give it, not just as a promise saying, "Well, I promise you will have eternal life." No, eternal life will have to be there and proven and be true and real for man so that man can believe this and in this belief he will rest from this work. That is how it takes place.

#### ***Hebrews 4***

***:9 There remains therefore a rest to the people of God.***

***:10 For he that is entered into his rest, he also has ceased from his own works, as God did from his.***

***:11 Let us labor therefore to enter into that rest, lest any man fall after the same example of unbelief.***

What he is saying is the moment you enter into the rest, you will stop working! That's why the Bible says in Romans 10:5 that Christ is the end of the Law for righteousness to everyone who believes upon Him. That means that the moment you believe in Christ, the moment you truly believe in Christ, you will stop all works of the Law. The moment you truly believe what Christ has done you will stop working any principle to any blessing. You will stop that! The moment you believe that truth, the power of that truth will stop you and you will rest from your work.

If death is in those works, like death is in the using of cocaine, the moment if irresponsible living, motor car accidents, sexual immorality, whatever, is in the use of cocaine, the moment the promise can be given to you and you can believe that and you stop the use of this thing, you will stop if you will rest from using that cocaine. You will rest from it and you will then caress from whatever that brings. You will rest from your sins. I'm using cocaine as an example. I'm not bashing people. For those people that are on drugs, I want to tell you that you are deeply loved by God! He smiles over your life. You have been what He has dreamt. You are so pleasing to Him that He wants to live inside you. He cares for you just the way you are. He's not saying that you need to change anything in order for Him to live in you, dwell in you and be there for you! You are His beloved. He smiles over your life. His kindness is towards you. He has given you His kingdom. He's dreamt you because of you and your beauty that He endured the cross to save you from what destroys you. You are His everything and He believes so much in you that He became a man. You become what you believe and God believes so much in you that He became you and took you upon Him, conquered your death, conquered your sin because He wants you to live eternally. He never wants you to die. He wants you to be with Him. He cannot face your death. It is too much for Him. He wants you! Just so you know, if you are on cocaine or other drugs or alcohol abuse, or anything like that, that is God's word for you. So let that be settled, I am not against people committing sins. I'm here to bring the life of God that it can produce its life in you.

The only way to get you out of that power of sin is He needs to give you that promise. The moment that

promise is believed to be true, it first needs to be true, and then if it is believed you find that you will rest from your work and the moment you rest from that work you also rest from sin. I want to put it this way: If you still believe in tithing, in any form or fashion, you have not believed the finished work of Jesus! You are not resting. You haven't entered His rest in that area of your life. You might have entered in other areas but you have not entered in that area. If you are still believing in sowing and reaping, my friend, let me read this scripture for you: ***For he that is entered into his rest, he also has ceased from his own works...*** If you have entered into the rest, the sign that you have entered into the rest is that you stop your works. You've stopped your works.

I want to add something here, Church, because I want to help you with what the Lord has helped me with. Lawlessness is not the answer. Lawlessness means that I get rid of the Law. If you just get rid of the Law saying, "Well, I'm not obeying the Law", that means you are lawless and lawlessness cannot produce the life of God. Abandoning the Law cannot save you. Let me put it this way: Through the Law is the knowledge of sin but getting rid of the Law, without a fulfilled promise that you can behold, is called lawlessness and it produces the very same death because you are not free from the Law. You are still living by your own power. It's like the hippie movement in the sixties. The only thing it can produce is drug abuse, sexual immorality and illogical reasoning in universities and those kind of things. It's like what we are having in South Africa now. They want to pass a law that says that the moment you want to say that gays can be saved or a gay person can change, or God can deliver you from being gay, that would be hate speech and that preacher should be put in jail. That is what that law can bring. Obviously that law is not going to pass. The Christians people picked up and they brought it to be changed. What does lawlessness bring? There are people who have not believed in the new life in Jesus Christ. They just want to be without the Law. They are against the Church or against any law or they have heard what people have done in their ignorance hurt homosexuals and now in their lawlessness want to pass crazy laws like that.

The other law they have now in one of the universities is there is a dorm, where the students live which is called the Ladies of Lydia. Now they can't say the Ladies of Lydia because that breaks the Law for transgenders. Do you see what lawlessness brings without a revelation of the brand new man? It breeds stupidity! That is what it does. So when we look at what Christ has done there needs to be a place when you enter into the rest. It's not when I decide I am against the law. When you enter into the rest you have to enter into it the way that brings rest which is what God has done for us. This is it, it says in ***Colossians 2:***

***19 And not holding the Head, from which all the body by joints and bands having nourishment ministered, and knit together, increase with the increase of God.***

***20 Wherefore if you be dead with Christ from the rudiments of the world, why, as though living in the world, are you subject to ordinances,***

***21 (Touch not; taste not; handle not;***

***22 Which all are to perish with the using (or actually some translations says which can only bring death); after the commandments and doctrines of men?***

***23 Which things have indeed a show of wisdom in will worship, and humility, and neglecting of the body: not in any honor to the satisfying of the flesh.***

What it says here is that the Law can never satisfy your flesh with eternal life. You will always need a fix with neglect of the body and another sacrifice you will have to make. That is what it says here and the reason you are under that is because you are not holding to the head, your eyes are not turned upon Jesus. We are going to look at what that means in Colossians..

***Colossians 3:***

**1 If you then be risen with Christ, seek those things which are above, where Christ sits on the right hand of God.**

**2 Set your affection** (your understanding) **on things above, not on things on the earth.**

**3 For you are dead, and your life is hidden with Christ in God.**

**4 When Christ, who is our life, shall appear, then shall you also appear with him in glory.**

**5 (In this way) Mortify therefore your members which are upon the earth; fornication, uncleanness, inordinate affection, evil concupiscence, and covetousness, which is idolatry:**

**6 For which things' sake the wrath of God comes on the children of disobedience** (of unbelief):

If you read Colossians 2:19, it says the reason they are not holding to the head from which the body joints and marrow having nourishment. He says you are not holding to Jesus and that is why you are going back to the Law. You're not holding to Jesus because if you held to Jesus you would have found no need for any Law. If you held to Jesus, you wouldn't have had to have a prayer fix or a worship fix, or a gold dust fix. You wouldn't need that! I'm not saying that it cannot happen but you will not need that fix. He said that the reason you are now under all these laws and regulations and all those kind of things that you want to do, and in normal church terms it would be the reason why you now want to go to that big church, the reason you want to wear those golden rings... Listen, one of the funniest things for me is to look at preachers' jewelry. You find no person in the earth will wear jewelry like that. I think it must be categorized as preachers' jewelry or preachers' suits. That's funny. It is weird. I'm honest, it is weird. You can see this guy needs a fix and he's put it on. It sounds very judgmental but let us just say the thing as it is. We all see it but we are just too scared to say it. That is what it is and we are not here to settle for things like that.

We want the quality that God has promised and this is what Paul is talking about. He was talking about why do you want to have your life? Paul also wanted that fix and Jesus corrected him and said, "My grace is sufficient for you. Look at the Head from where all nourishment flows." Where is the Head that we look at? They started to forget that there is an immortal man at the right hand of God that has conquered death. That's what they forgot because if they can remember that, if they can think that, if they can see that again, there would be no need for a fix because out of that revelation of a man, who as me, conquered all my death, is seated at the right hand of the Father and that fullness that dwells in the Godhead bodily, is my life! As you see that it is your life and it becomes the truth that it is your life you will find no reason for anything in this earth to go into your favor in order for you to say, "Look how blessed I am." Glory to God!

I'm contacting some TV stations in the United States to preach there to share this word. I remember years ago, this is how it would work, I would contact this TV station and if I call and they pick up right away and I can quickly speak to the right guy and they said, "We just waited for a person like you!" I would then say, "Wow!" It would be a fix to me. I would say, "I am in the will of God!" Now if it happens that way, I just say, "Thank God for the way in which He provided here but it is no fix anymore." Jesus is my fix and it is an immortal body that has conquered all sin and all death and I look at my perfection. As I look at that perfection I need no Law fix anymore!

As I need no Law fix anymore, which just doesn't come in the ten commandments but in any of those

blessings of Deuteronomy 28 or whatever comes into the human mind that the devil can tempt you with, as you don't need those things anymore, do you know what happens? You are resting from whatever you had to do in the flesh in ministry or in whatever you do. And do you know what else you are resting from... the side effects of what works righteousness brings which is mentioned that you are starting to rest from verse 5 *fornication, uncleanness, inordinate affection, evil concupiscence, and covetousness, which is idolatry:6 For which things' sake the wrath of God comes on the children of disobedience* (unbelief)

What I want to say to you is that the way you keep your eyes upon Jesus is like this: It is not thinking, "How is Jesus going to help me get a fix?" That is how we kept our eyes upon Jesus. In ministry, I'm just using ministry because that is the area that I am in. In business it would be, "Well, I bought another house. The crop this year was so good. I could get my crop off the field in less days than the farmer next to me." They are the craziest things people do! Not because they are crazy. I look at my own life. I did the craziest things! I remember when I had to do a 186 miles an hour on a motor bike. I knew that it wasn't in ministry anymore but I had to do a street drag race just to feel, "That's it! I'm faster than that guy." If he was faster than me I was kind of established in Grace that it didn't mean anything. The kick was just to be faster than him. It was so nice for me to take that motor bike that was so fast, go up to the latest Lamborghini or a Ferrari or super car and just. "Let's go! Let's race!" Then after awhile I would just point to him and say, "When are you starting to go? Let's go!" That would just give me that kick of "I am something of life!"

After that I would come back and you would put yourself in such a dangerous position where you could kill yourself! It's crazy! It is just crazy what the Law will bring forth in people who are the most intelligent, clever people. They would do things that makes no sense to themselves or anybody because it is a power unto death. It's a power unto death and the only way you can rest from that work is by beholding your perfection where the Bible says, "Let your conversation, your citizenship, your reality, your communication... what Paul says, "Your very life, your nourishment, the body, when you say, "My physical body is granted immortality." You may ask why is the immortality thing so big. It's because as what the end of all "what ifs" is death, the end of all blessing is eternal life. Let me explain that to you. If somebody comes to me and says,

"Bertie, what if you get cancer?" "Well, then I will go to a doctor and I believe the Lord will help me. I'll first pray."

"What if the Lord doesn't heal you?" "Well I'm going to go to the doctor."

"And what if that doesn't happen?" "Well then I'm going to suffer. I and then I'm going to die."

"Then what about your wife and kids?" "Well my wife will probably get a good husband and my kids will understand this."

"What if the Lord doesn't help them?" "Then my wife is going to suffer."

"What if your wife runs out of money?" "Well, then the end is that my wife is going to die and my kids are going to die and I'm going to die. But do you know what? Jesus was raised from the dead and He conquered my death."

So, with all the "what ifs" will eventually end in death and the fear in man's heart is, "What if I die?"

Jesus had to bring an answer in death so that we can have the emotion and the peace that the “what ifs” loses its voice. Amen. In the same way when it comes to blessing. Why do you want a better house, a better car, better food, to look better? At the end of the day you know what you seek if you take the whole thing? You are seeking immortality That's what you are looking for. You are looking for physical, human immortality. That is what you are looking for. Many people do not know that is what they are looking for but that is actually what they are looking for. That is why if you can see a man that has conquered death and has been made immortal... (now I can just hear some people shouting in their houses), and you can see an immortal man who has conquered your death and that that life is your life. The moment you see that truth, do you know what takes place is you rest from all your works and you rest from sin and you are stung by life and you find love, joy, peace, and that which you always, the good man that you have always been in your heart even as an unbeliever, the good man that is in you, the good that you always wanted to do, all of a sudden you find that God from the head, the immortal, nourishes you with the fruit of the Spirit in this life and He conquers your sin not just as a legalistic thing but as a here and now truth. And He conquers in the end the last enemy even physical death where you will live immortal in a human body. Glory to God! Hallelujah! This is the Gospel! This is the Good News of Jesus Christ.

I want you to go and listen to these messages as many times as possible. I want to draw upon the voice of life inside your heart and I want to say, “Please share this with as many people as possible and let's get this Gospel of Good News spread to people that need this since the life they have and who they are is the place where God lives. They are just as much valuable as ours and let's share it. Above all, before you share anything, enjoy it! Enjoy this life! Glory to God!

Thank you so much for watching our webcast today. It was just a message that blessed me so much! Thank You Jesus for the victory!

Father, I want to thank You for Your grace and your mercy. Thank You for the love You have towards us. I declare you healed in the name of Jesus. Bodies are healed. Cancer is healed. Different kinds of sicknesses are healed. Wisdom comes to them in every area of their life as they see the light of Your glory. Just by this glory that is in me, through my body I bring healing into people right now... healing of headache problems, back problems, sickness... children being healed from normal things. I declare healing for them in the name of Jesus, the supernatural signs, wonders, and miracles pointing to our immortality. Show them their bodies right now in Jesus' mighty name. Amen and amen
